

UPDATED Client Drop Off – Pickup Procedures

Clients are **required** to wear a mask or scarf. Dog pick up & return will be outside under **1** **2** or **3** in the window.

Clients are required to call from their car on arrival, and will be told the number to meet their groomer. It is very important to arrive on time, as we have a limited drop off area.

Your groomer will greet you, and you can tell her your preferences. She will attach a slip leash to your dog(s). Then, you will remove all devices from your dog(s), and your dog(s) will be taken into the Salon. You will leave and return at the provided pickup time given by the groomer.

When you return, call us and we will have you come in to **PAY** when your dog(s) are ready. You will proceed into the Salon, following the direction arrows. **ONLY 3** clients will be allowed inside at any time. **See Layout.** Wait on the right side of the entry door until the **Wait Spot** is available.

After paying, you will be given a pickup spot outside where your dog(s) will be brought, and you can speak with your groomer.
